

The 14th International Conference on Meson-Nucleon Physics and the Structure of the Nucleon

MENU 2016

in Kyoto, Japan

July 25(Mon.)-30(Sat.), 2016

The Clock Tower Centennial Hall, Kyoto University

<http://menu2016.riken.jp>

Scientific Topics

- Meson-Nucleon Interactions
- Hadron Spectroscopy
- Nucleon Structure
- Few Body Systems
- Fundamental Symmetries
- Electroweak Probes
- Future Facilities and Directions

International Advisory Committee

Mauro Anselmino (INFN-Torino), David Armstrong (William & Mary), Nora Brambilla (TU-Munchen), Stanley J. Brodsky (SLAC, Stanford), Volker Burkert (JLab), Annalisa D'Angelo (INFN Roma Tor Vergata), Simon Eidelman (Novosibirsk), Paola Gianotti (INFN-LNF), Michel Guidal (IN2P3/Orsay), Ken'ichi Imai (Kyoto/JAEA), Eberhard Klempf (Bonn), Shunzo Kumano (KEK), Teiji Kunihiro (Kyoto), Matthias F. M. Lutz (GSI/TU-Darmstadt), Brian Meadows (Cincinnati), Ulf-G. Meissner (Bonn/Juelich), Barbara Pasquini (INFN-Pavia), Klaus Peters (GSI/Frankfurt), Marco Ripani (INFN-Genova), Craig Roberts (ANL), Guenther Rosner (Glasgow), Patrizia Rossi (JLab & LNF-INFN), Elena Santopinto (INFN-Genova), Andreas Schaefer (Regensburg), Hans Stroehmer (Juelich), Lothar Tiator (Mainz), Willem van Oers (TRIUMF/Manitoba), Fan Wang (Nanjing), Shin-Nan Yang (Taiwan), Bing-Song Zou (ITP/CAS)

Local Organizing Committee

Hideto En'yo (RIKEN Nishina Center, Chair), Megumi Naruki (Kyoto University, Vice-Chair), Yuji Goto (RIKEN Nishina Center), Atsushi Hosaka (RCNP, Osaka Univ.), Noriyoshi Ishii (RCNP, Osaka Univ.), Kenichi Nakano (Tokyo Institute of Technology), Masayuki Niijima (Kyoto University), Hiroaki Ohnishi (RIKEN Nishina Center/RCNP, Osaka Univ.), Toru Sato (Osaka Univ.), Satoshi Yokkaichi (RIKEN Nishina Center, Scientific Secretary)

Supported by the Kyoto University Foundation.
This Conference is a part of RIKEN Symposium Series.

This program is supported by a subsidy from Kyoto City and the Kyoto Convention & Visitors Bureau.
